

CURRICULUM VITAE

Kathye E. Light

Business Address
Phone

P O Box 100154, Gainesville, FL 32610
Work phone: (352) 273-6107

EDUCATION:

University of Texas, Austin, Texas
Department of Kinesiological Studies
Doctor of Philosophy/Motor Control - 1983 to 1988

University of Iowa, Iowa City, Iowa
Graduate Studies in Therapeutics and Exercise Physiology
1981 to 1982

Medical College of Virginia/Virginia Commonwealth University
Richmond, Virginia
Master of Science in Physical Therapy - 1980

University of Missouri, Columbia Missouri
Bachelor of Science in Physical Therapy - 1974

EMPLOYMENT HISTORY:

University of Florida, College of Health Professions, Department of Physical Therapy,
Gainesville, Florida: Associate Professor - employment July 1993 to Present

Joint Appointments in UF Institute of Aging, UF Brain Institute, UF College of Health and Human
Performance, Department of Exercise and Sport Sciences, VA Research and Rehabilitation
Department , and the VA Geriatric Research and Education Center

University of North Carolina at Chapel Hill, School of Medicine, Department of Medical Allied
Health Professions, Division of Physical Therapy, Chapel Hill, North Carolina: Assistant
Professor - July 1988 to July 1993

Girling Home Health Agency, Austin, Texas:
Home Health Physical Therapist - November 1987 to July 1988

The University of Texas, Department of Kinesiology,
Austin, Texas: Teaching Assistant - August 1986 - to November 1987

The University of Texas Medical Branch at Galveston, Department of Physical Therapy,
Galveston, Texas Assistant Professor - Summer 1986

The University of Texas Health Science Center at San Antonio,
School of Allied Health Sciences - Physical Therapy Program,
San Antonio, Texas: Assistant Professor - June 1982 to August 1985
Joint Appointment: Department of Life Science - University of Texas at
San Antonio, San Antonio, Texas,
Assistant Professor - June 1982 to August 1985

University of Iowa, Iowa City, Iowa, Research/Teaching Assistant - July 1981 to May 1982

Chesterfield County Nursing Home (250 beds and outpatient rehabilitation; Dept with 12 employees), Chesterfield, Virginia: Director of Physical Therapy - May 1976 to June 1981

Visiting Nurses' Association, Springfield, Missouri (part-time):
Home Health Physical Therapist - December 1975 to May 1976

St. John's Hospital (acute care and outpatient rehabilitation; specialty area in arthritis), Springfield, Missouri: Staff Physical Therapist - July 1975 to May 1976

St. Louis County Hospital (inpatient acute and rehabilitation and outpatient care), St. Louis, Missouri: Staff Physical Therapist - June 1974 to June 1975

<u>LICENSURE:</u>	Florida License # 0012405	Current
	North Carolina License # 4005	1989 to 1995
	Texas License # 1-3345-5	1983 to 1989
	Virginia License #0105001581	1976 to 1983
	Missouri License	1974 to 1976

PROFESSIONAL SOCIETIES:

American Physical Therapy Association:
Section for Geriatrics - 1978 to 1985, 1988 to Present
Section for Research - 1983 to 1985, 1995-Present
Section for Neurological Study - 1978 to 1981, 1988 to Present
Section for Education - 1978 to 1981

Florida Chapter - 1993 to present
North Carolina Chapter - 1989 to 1993
Texas Chapter - 1982 to 1988
Iowa Chapter - 1981 to 1982
Virginia Chapter - 1978 to 1981
Missouri Chapter - 1974 to 1976

National Stroke Association 1997-2000
Society for Neuroscience - 1988 to 2000
NASPSA - 1988 to 1999

Gerontological Society of America - 1984 to Present

International Society for Posture and Gait Research - 1990 - Present

PROFESSIONAL SERVICES:

Consultant to the Veterans Affairs Hospital Geriatric Gait and Balance Clinic, Ongoing.

Research Investigator with the Brain Research and Rehabilitation Center and the Rehabilitation Outcomes Research Center, Malcolm Randall Veterans Affairs Hospital, Gainesville, FL.

Doctoral Committee Chair for RSD students Stacy Fritz, Matthew Malcolm, Yi Po Chiu, Tara Patterson, Diane Kornetti, Suzanne Olarsch, Sergio Romero, Amitoj Bhullar

Numerous Masters Thesis Committees and the Doctoral Committees for Stacey Hoffman in Clinical Psychology, Samuel Browd in Neuroscience, Mary Thigpen in Exercise Science/PT, Julia

Prinz in Rehabilitation Science, Gloria Miller in Educational Psychology, Michelle Woodbury in Occupational Therapy.

Guest Editor for a Special Edition of NeuroRehabilitation. Topic: Current Motor Control Issues in Stroke Rehabilitation. July, 1997.

Editorial Board and manuscript reviewer for the Journal of Aging and Physical Activity, 1992 - 2003

Manuscript reviewer for Physiotherapy Canada

Manuscript reviewer for Archives of Physical Medicine and Rehabilitation

Manuscript reviewer for Journal of Neurologic Physical Therapy, 1996-present

Manuscript reviewer for Topics in Geriatric Rehabilitation, 1994-present

Manuscript reviewer for the Journal of Gerontology, 1992-present

Manuscript reviewer for Physical Therapy, 1991-present

Shands Physical Therapy and Shands Home Health, Gainesville, Florida
Consultant, standardized assessments - 1994-1995

The University of Florida, Gainesville, Florida . Research Consultant - April 2-3, 1992.

Wake Rehabilitation Hospital, Raleigh, North Carolina
Consultant, clinical research projects - 1990-1992.

Moses Cone Hospital, Greensboro, North Carolina .
Consultant, clinical research projects, 1990-1992.

Hill Haven Convalescent Center, Raleigh:
Consultant - September 15, 1988

Brady/Green Community Health Center, Head Trauma Patients:
Consultant - June 1984

Texas Central District Physical Therapy Continuing Education
Committee - 1983 to 1984

Board of Directors - United Family Services of San Antonio:
Consultant and Member - 1982 to 1983

GRANTS FUNDED:

Principal Investigator. Examining Parameters of Constraint-Induced Therapy (CIT) NIH, NCMRR.
5 years funded 2005- 2010. >\$1,000,000

Co-Principal Investigator with Mark Bishop. The Link Between Smoking and Recovery from Frailty in Older Floridians. Florida Department of Health Biomedical Research Program.. 3 years funded 2004-2007. DOH04-NIR-15, >\$300,000

Co-Principal Investigator with Mark Bishop. The Link Between Smoking and Recovery from

Frailty in Older Floridians. Florida Department of Health Biomedical Research Program. Recommended for full funding. Legislature cancelled the funding for the year 2003-2004. Proposal is being considered in the 2004-2005 cycle with priority.

Principal Investigator. Constraint Induced Movement Therapy (CIMT) for Stroke Rehabilitation. Florida Department of Health Biomedical Research Program. 2 years funded 2002- 2004. \$400,000

Principal Investigator of the Florida Center Subcontract . NCMRR Multicenter Grant. Title: Extremity Constraint-Induced Therapy Evaluation . 5 years funded, 2000-2005. Costs for our Center, \$500,000+.

Co-Principal Investigator with Robert Gluekaupf. Pilot Study for the Provision of Followup Constraint-Induced Movement Therapy (CIMT) within the Home Setting via Telehealth Technology. Pilot project funded by the BRRC, VA RR&D, Gainesville FL. 2002.

Co-Principal Investigator with Claudia Senesac. Reliability of the Wolf Motor Function Test and the Actual Amount of Use Test with Pediatric Clients with Hemiparesis. American Physical Therapy Association Pediatric Section. \$5000

Co-Principal Investigator with William Triggs M.D. Veterans Administration Rehabilitation, Research & Development Center. Project Title: Transcortical Magnetic Stimulation, Potential Adjunct to Stroke Rehabilitation. 5 years funded, 1999-2004. Total Center grant \$3,298,000.

Principal Investigator of the Florida Center Subcontract . NCMRR Multicenter Grant. Title: Family Function, Stroke Recovery, and Caregiver Outcomes. 2 years funded, 2000-2003. Direct Costs for our Center, \$51,989

Co-Principal Investigator with James Cauraugh: Motor Actions, Biofeedback, and Functional Electrical Stimulation: Recovering Arm Movements After a Stroke. Intercollegiate and Interdisciplinary Research Opportunity Fund, University of Florida Department of Sponsored Research, 1997. \$20,000

Investigator from Physical Therapy: Geriatric Education Center Grant, University of Florida. Principal Investigator: George Caranosos. Health, Research, and Service Administration . 1993-1994. \$6800

Project Director and Principal Investigator: US-DHHDS, PHS Training Grant. Title: Allied Health Project Grant: Geriatric Education, Research and Practice in Physical Therapy, CFDA 93.191. September 1992 to September 1995, \$360,000 (Status changed to Consultant after move to Florida)

Investigator: Project title: Reducing Frailty in Older Adults with Arthritis
Principal Investigator: Carol Hogue. DHHS, PHS. Funding for four years, 1992 -1996. \$650,000 (Status changed to Consultant after move to Florida)

Principal Investigator: Motor Control Differences of Normal Subjects and Subjects with Left Versus Right CVAs. University of North Carolina at Chapel Hill Junior Faculty Research Development Award. Funding from January 1992 to January 1993. \$3000

Principal Investigator: The Effect of Isokinetic Exercise Effort on Coordinated Movement Control of Spastic Hemiparetic Subjects. Foundation for Physical Therapy Research. Funding from March 1990- April 1992, \$28,400.

COMMITTEES:University of Florida*University Committees:*

University of Florida Faculty Senate 2008-2011
 Strategic Planning Committee for Rehabilitation Functional Imaging Research
 University of Florida Faculty Senate 2000-2002
 Center for Gerontological Studies Strategic Education Planning
 Committee. 1999
 Geriatric Education Center Coordinating Committee Member 1993-1994, 1997-present.
 Academic Freedom, Tenure, Professional Relations and Standards Committee 1994- 1997
 Marshall for Commencement Exercises 1994-1996

College of Health Professions Committee:

Aging Issues Task Force
 Dean Of Health Professions Faculty Advisory Committee
 Tenure and Promotion Advisory Committee for the College of Health Professions.
 Committee for Development of Interdisciplinary Research and Clinical Practice
 Committee for Development of the Departmental Chair Evaluation Instrument
 Search Committee for two faculty members of the Rehabilitation Counseling Department
 Search Committee for the Associate Dean of Health Professions
 Search Committee for twp faculty members of the Occupational Therapy Department
 Committee for Development of College Forums on Faculty Research

Physical Therapy Department Committees:

RSD Movement Science Graduate committee
 PT Department Student Academic Review Task Force
 Continuing Education Committee 1993-1994
 Graduate Education Committee 1994-present
 Undergraduate Curriculum Committee; Chair, 1995-present; Member, 1994-present
 Faculty Search Committees for 4 physical therapy faculty
 Faculty Development Committee 1994-1996

University of North Carolina at Chapel Hill*School of Medicine:*

Member, Peripheral Vascular Disease Task Force - 1992-1993

Division of Physical Therapy:

Member, Graduate Education Committee, 1991 to 1993
 Member, Executive Committee, 1990 to 1992
 Member, Research Committee, 1989 to Present
 Member, Basic Education Committee, 1988 to 1989

Division of Occupational Therapy:

Member, Faculty Search Committee, 1991 and 1992

University of Texas Health Science Center - San Antonio

San Antonio, Texas:

Member, President's Advisory Committee to Explorers Post
 (For High School Students Pursuing Careers in Health Care)

School of Allied Health Sciences:

Member of Search Committee, Occupational Therapy Program

ADMINISTRATIVE ACTIVITIES:University of Florida

Department of Physical Therapy

Director of the Motor Behavior and Stroke Rehabilitation Research Laboratories - 1994 to present.

Director of Data Management for the Geriatric Gait, Balance, and Frailty Clinic. Project coordinated between University of Florida and the Veteran's Administration Hospital, Gainesville, FL.

University of North Carolina at Chapel Hill

Division of Physical Therapy

Project Director: Allied Health Project Grant: Geriatric Education, Research and Practice in Physical Therapy - 1992-1993

Administrator/Coordinator of Physical Therapy for the UNC-CH Balance and Dizziness Disorders Clinic, 1990 to 1993
 Administrator for APTA Research Grant - 1990 to 1992
 Advisor, Honors Program - 1988 to 1993

TEACHING RESPONSIBILITY:**University of Florida, Gainesville, Florida****COURSES TAUGHT/COORDINATED WITHIN CURRICULUM:**

PHT 4905 - Individual Study - Entry Level Masters Students

PHT 4371C – Geriatrics (3 credits)

HSC 4553 - Medical and Surgical Disorders II (4 credits)

PHT 4234 - Therapeutic Exercise (4 credits)

PHT 4313 - Neurological Evaluation and Treatment (4 credits) (Shared with another faculty member)

PHT 6196 – Posture and Locomotion (3 credits)

PHT 6236 - Neurological Dysfunction as Applied to Physical Therapy: The Role of Motor Control and Learning (4 credits)

PHT 6935 - Seminar in Physical Therapy: Physical Aspects of Aging (3 credits)

HSC 6905 - Independent Studies: **Supervise on average approximately 5 of these course numbers each year. Below are examples of course titles.**

HSC 6905 - Independent Study: Spasticity in Stroke Clients: Measuring Co-contraction Patterns. (3 credits Yi Po Chiu)

HSC 6905 - Independent Study Coping with Disability and Frailty in Geriatrics. (3 credits Julie Prins)

HSC 6905 - Independent Study Constraint-Induced Therapy with Children born with cerebral palsy (3 credits with Claudia Senesac)

HSC 6905 - Independent Study on Balance Issues with Geriatric Clients (3 credits with Ashwini Sheth)

HSC 6905 - Independent Study on Therapeutic Neurologic Approaches Evaluated by Motor Control Criteria (3 credits Stacy Fritz)

HSC 6905 - Independent Study on Multilimb Coordination. (3 credits with Lola Rosenbaum)

HSC 6905 - Independent Study on Movement Problems in Parkinson's Disease. (3 credits with Melody Chou)

HSC 6905 - Independent Study on Pilot Work for Concurrent and Construct Validity of The Timed Functional Movement Battery. (3 credits with Gwen Creel)

HSC 6905 - Independent Study on Pilot Work for the Analysis of Turning in Elderly Clients. (3

credits with Mary Thigpen)

PET 6905 - Independent Study on "Practice Effects with Elderly Subjects" (2 credits with Andrea Behrman, Doctoral Student from the Department of Exercise Science)

PHT 6915 - Applied Research in Physical Therapy: **Supervise numerous students each year** under this course number. Below **are examples of course titles:**

PHT 6915 - Applied Research in Physical Therapy: Gait, Strength and Balance after Total Hip Replacement (9 credits with Lola Rosenbaum, Masters Student from Physical Therapy)

PHT 6915 - Applied Research in Physical Therapy: Comparison of Timing Components in Stair-Climbing Versus Walking for Individuals with Parkinson's Disease. (9 credits with Melody Chou, Masters Student from Physical Therapy)

PHT 6915 - Applied Research in Physical Therapy: Construct and Concurrent Validity of The Timed Functional Movement Battery. (9 credits with Gwen Creel, Masters Student from Physical Therapy)

PHT 6915 - Applied Research in Physical Therapy: Assessment of Turning Difficulty while Walking. (9 credits with Mary Thigpen, Masters Student from Physical Therapy)

PHT 6915 - Applied Research in Physical Therapy: Alterations of Fractionated Reaction Time and Force Production in Hemiplegic Subjects after Heavy Effort (6 credits with Gloria Miller, Masters Student from Physical Therapy)

PET 6905 - Independent Study on "Effects of Progressive Resistive Exercise on EMG Cocontraction Patterns of Subjects with Spasticity" (2 credits with Robert Kellogg, Doctoral Student from the Department of Exercise Science)

HSC 6905 - Independent Study on Videotape Analysis of Neurological Gait Disorders (2 credits with Michael Umans, Masters Student from the Department of Exercise Science)

UNITS TAUGHT WITHIN A COURSE

PHT 3238 - Lifespan Development: Geriatric Unit

PHT 3300 - Medical Surgical Disorders I: Pulmonary Unit

University of North Carolina - Chapel Hill, Chapel Hill, North Carolina

COURSES TAUGHT/COORDINATED WITHIN CURRICULUM:

PHYT 85 - Neuromuscular Assessment and Treatment II

PHYT 156 - Honors Readings

PHYT 243 - Therapeutic Exercise with Neuromuscular Disorders

PHYT 303 - Problems in Physical Therapy

PHYT 377 - Readings in Selected Topics in Physical Therapy

PHYT 379 - Research in Physical Therapy

PHYT 393 - Master's Thesis Advisor for 6 students; two award winners

1. Pei Fang Tang (Won the Masters' Thesis Award in Physical Therapy at University of North Carolina 1991)

2. Stephanie Rehm (Won the Masters' Thesis Award in Physical Therapy at University of North Carolina 1993)

UNITS TAUGHT WITHIN A COURSE

PHYT 90 - Functional Anatomy

PHYT 200 - Scientific Basis of Human Motion

PHYT 291 - Analysis of Human Motion

PHYT 80 - Human Growth and Development

University of Texas - Austin, Austin, Texas

COURSES TAUGHT/COORDINATED WITHIN CURRICULUM:

KIN 335 - Motor Learning Laboratories

PED 106 - Habilitation Conditioning

Offered to the students with disabilities at University of Texas - Austin

PED 106 - Conditioning by Running and Weight Training

University of Texas Health Center - San Antonio, San Antonio, Texas:

COURSES TAUGHT/COORDINATED WITHIN CURRICULUM:

PHYT 30322 - Therapeutic Exercise I

Basic Principles of Exercise Training and Monitoring;
Basic Orthopedics

PHYT 40292 - Introduction to Research Methods

PHYT 30122 - Therapeutic Exercise II: Advanced Orthopedics

PHYT 30210 - Therapeutic Concepts I

P.T. with Cardiac, Pulmonary and Diabetic Patients

PHYT 40091 - Independent Study - Neurophysiology

PHYT 30311 - Fundamental Concepts of Patient Management

PHYT 40382 - Supervision and Management

PHYT 40324 - Therapeutic Exercise IV: Adult Bobath Unit

PHYT 30440 - Growth and Development: Geriatric Unit

PHYT 30231 - P.T. Procedures II - Electrotherapy

Guest Lecturer:

University of North Carolina at Chapel Hill, School of Medicine,
Chapel Hill, North Carolina: Strength Training of Clients Post-Stroke: Indicated or Contraindicated? Program on Aging Lecture Series, April, 1993.

University of North Carolina at Chapel Hill, School of Medicine,
Chapel Hill, North Carolina:
Motor Control Issues of Practice Movement Complexity for Aging Adults. Program on Aging Lecture Series, September 6, 1990.

University of Texas Medical Branch, Physical Therapy Program,
Galveston, Texas: Cardiopulmonary Diabetes Unit (45 hours) - 1986

St. Phillips College, Physical Therapy Assistant Program,
San Antonio, Texas: Cardiopulmonary Unit (10 hours) - 1985

University of Texas Health Center - San Antonio, School of Allied Health Sciences,
Occupational Therapy Program, San Antonio, Texas: Unit on Cardiac Rehabilitation (10 to 12 hours) - 1984 and 1985

Medical College of Virginia/Virginia Commonwealth University,
Richmond Virginia: Physical Therapy as Relates to Geriatric Care. Lecture Series (4 hours)
presented to physical therapy students -
1979 and 1980

ORIGINAL TEACHING MATERIALS DEVELOPED:

Evaluation Procedures and Organization of Evaluations.

Training film developed for physical therapy students at the Medical College of Virginia/Virginia Commonwealth University- 1979

Self-Instructional Packet for the Correct Positioning of the Hemiplegic Patient. Developed for physical therapy students -1977

Bed positioning of the Neurologically Impaired Patient : Training film developed for nurses, St. John's Hospital, Springfield, Missouri, 1976.

Professional Workshops Conducted

Geriatric Gait and Balance Assessment: Interventions to Prevent Falling. 2000 -2004

Tai Chi Chuan Workshops, 1998 and 1999

Transitions to Standardized Assessments for Documentation of Outcomes. Workshop Presented with Andrea Behrman, PhD, PT to P.T.s, O.T.s and Nurses. Sponsored by Healthcare Professions Seminars. Savannah, GA, February 22-23 and Philadelphia, PA, August 16-17, 1997.

National Clinical Guidelines for Stroke Rehabilitation: The "How To" on Standardized Assessments. Workshop Presented to P.T.s and O.T.s.

1. Atlantic Beach, FL April 26-27. 2. St. Pete Beach, FL, June 26-27, 1996.

Improving Outcome Measures: Standardizing Assessments. Workshop Presented to P.T.s, O.T.s and Quality Assurance team members. Sheltering Arms Rehabilitation Hospital, Richmond Virginia, June 2, 1995.

Standardizing Functional Assessments. Workshop: Traumatic Brain Injury: Functional Assessment and Documentation; Sponsored by the University of Florida Department of Physical Therapy through a long term training grant. St Petersburg Beach, Florida, May 1995

Is Strength Training Contraindicated for Motor Coordination Post CNS Lesion? Conference: Strength Training: Issues in Addressing Fundamental Impairments in Neurologic Clients. Philadelphia, Pennsylvania, September 23-24, 1994.

The Strength/Spasticity Controversy: Implications for Skilled Movement after CNS Damage. Workshop: Traumatic Brain Injury: Limitations to Skilled Movement; Sponsored by the University of Florida Department of Physical Therapy through a long term training grant. St Petersburg Beach, Florida, May 1994

Geriatric Functional Assessment. Texas Physical Therapy Association Fall Seminar, Galveston, Texas, 1993; Baylor University Medical Center, February 1994; JFK Johnson Rehabilitation Institute, April 1994.

Refresher Course for Physical Therapists. University of Florida, Gainesville, FL. Each year 1993 to present.

Refresher Course for Physical Therapists. American Physical Therapy Association Annual Meeting, June 13, 1993.

Resistive Exercise: Indicated or Contraindicated for Clients with Neurologic Lesions. National Stroke Association and Schwabb Rehabilitation Institute, February 25, Chicago, Illinois, 1993

Application of Motor Control and Learning Principles to Clinical Practice. Virginia Physical Therapy Association Meeting, Williamsburg, Virginia, April 24-25, 1993.

Motor Control and Learning Concepts Applied to the Treatment of Neurologic Patients. AHEC Program, Hickory, North Carolina, April 7, 1992

Cognitive Issues in Physical Rehabilitation. University of Florida, Gainesville, Florida, April 4, 1992

Basic Exercise Physiology Applied to Clinical Practice. University of North Carolina Graduate Student Physical Therapy Association, UNC-CH, Chapel Hill, North Carolina, March 6-7 and March 27-28, 1992, South Carolina Physical Therapy Association, Charleston SC, May 14-15, 1993.

Neuroscience Review. University of Virginia, Charlottesville, Virginia, September 6-7, 1991.

Applied Concepts of Motor Control and Learning. Neurodevelopmental Treatment Association Annual Conference, May 4, 1991

Integrating Motor Control and Learning Concepts in Neurologic Rehabilitation, Mountain AHEC, Asheville, North Carolina, April 5, 1991

Functional Neuroscience: Update for Clinicians. Physical Therapy Division, Department of Medical Allied Health Professions, UNC-CH, March 1-2, 1991.

Application of Motor Control and Learning Concepts to Neurologic Rehabilitation, AHEC Program, Chapel Hill, North Carolina, December 3, 1990

Treatment Principles for Neurologic Rehabilitation, Utilizing Motor Control and Learning Concepts. Sheltering Arms Rehabilitation Center, Richmond, Virginia, June 15-16, 1990

Integrating Motor Control and Learning Concepts in Neurologic Rehabilitation. South Carolina American Physical Therapy Association Annual Conference, Myrtle Beach, South Carolina, April 28, 1990

Rehabilitation of the CVA Patient. Charlotte Area Health Education Center, Charlotte, North Carolina. June 22-23, 1989.

Current Trends in Pulmonary Rehabilitation. Presenter/Panel Participant, American Heart Association, San Antonio, Texas, February 10, 1984.

Basic Clinical Exercise Physiology. Presenter, Central District Physical Therapy Association, San Antonio, Texas, August 25-26, 1984

A Review of Neurophysiological Approaches to Therapeutic Exercise for the Physical Therapy Assistant. Texas Physical Therapy Fall Seminar, San Antonio, Texas, September 25, 1982.

Preventive Back Care Workshop. Chesterfield County Nursing Home, Chesterfield, Virginia (3 Workshops, 8 hours each) - May 1981.

HONORS AND AWARDS:

2008 Research poster selected for the President's Session at the American Geriatrics Society Meeting. Dynamic Gait Index and Parkinson's Disease May 2008 in Washington, D. C.

2003 Award for the Best Research Paper in 2002 from the Geriatrics Section of the American Physical Therapy Association for the paper: Sicard-Rosenbaum L, **Light KE**, Behrman AL. "Gait, Lower Extremity Strength and Self-Assessed Function After Hip Arthroplasty". Journal of Gerontology: Medical Sciences. 57(1): M47-M51, 2002.

My two graduate students separately won the two student research awards offered by the University of Florida College of Health Professions, \$500 each award, 1997. Research Project titles:

Thigpen, MT, Light KE, Creel, GL, Flynn SM. Characteristics of Difficulty Turning While Walking in Older Adults.

Flynn, SM, Behrman, AL, Light, KE, Thigpen, MT. Is the Timed Up and Go Test an Effective Measure of Functional Performance in Individuals with Parkinson's Disease?

Nominated for Teaching Excellence Award at the University of Florida, 1996, 1997, 1998

Miller, GJT, Light, KE, Kellogg, R.. University of Florida, College of Health Professions Faculty Research Award, 1995, Title of Research Project: Strength Training in Spastic Hemiparesis: Should It be Avoided?.

First Author Awardee. University of Florida, College of Health Professions Faculty Research Award, 1994, Title of Research Project: Correlation of Strength and Timed Functional Movements in Geriatric Clients. \$2000

American Physical Therapy Association Neurology Section Research Award, February 1992, \$1000

University of North Carolina at Chapel Hill Junior Faculty Research Development Award, October 1991, \$3,000

University of North Carolina at Chapel Hill, Department of Medical Allied Health Outstanding Scholar Award for 1991, \$1,000

President's Teaching Excellence Award, University of Texas Health Science Center-San Antonio, Texas, 1985

Phi Kappa Phi International Honor Society, 1985 to Present

Best Clinical Research Paper, Virginia Physical Therapy Association Convention, 1982. "Low Load Prolonged vs. High Load Brief Stretch in the Treatment of Knee Contractures."

Adjunct Faculty Appointment to Physical Therapy Faculty, Medical College of Virginia-Virginia Commonwealth University, August 1980. (Appointment awarded in appreciation for work with Masters Degree students in Geriatric Track and for working with "special problem students" in the undergraduate program.

Kappa Delta Pi Educational Honor Society, 1972 to 1974; 1984 to Present

Tri Delta Honor Society, 1971 to 1974
