

“Florida TOMORROW”
 Department of Physical Therapy Open House and Symposium

Moving the Science of Rehabilitation Forward

Friday, September 28, 9:00 - 11:45 AM
 Movement Analysis Laboratory - Room DG-112
 (Health Science Center West Entrance, Dental Wing, Ground Floor)
 Contact Laurie Bialosky with any inquiries: lbialosk@php.ufl.edu or 352-273-6113
 Two CEH’s will be offered for this event

Please join us Friday morning to hear from our researchers and clinical experts regarding the exciting strides being made in rehabilitation science. A number of our faculty and doctoral students will come together to present the diverse areas of research which we are currently pursuing. You will have an opportunity to speak with the presenters, tour the laboratories, and view laboratory demonstrations. Please also join us for a continental breakfast at 8:30 AM.

AGENDA

9:00 - 9:10	Welcome	Krista Vandeborne, PT, PhD Professor and Department Chair
9:10 - 9:25	Inspiratory Muscle Training for Difficult- to-Wean patients on Ventilators	Barbara Smith, PT, MS Doctoral Student
9:25 - 9:40	Duchenne Muscular Dystrophy: Advances in Research	Claudia Senesac, PT, PhD Clinical Assistant Professor
